

## The Ever-Advancing Kingdom

The Ever-Advancing Kingdom with sub-theme of "Kingdom of Divine Motion" unifies the dynamic nature of God's Kingdom with the active calling of the Church.

The Kingdom of God is not merely moving—it is advancing through the life of Christ in His people.

In development of HGMI online ministry, we continue to focus on “**The Ever-Advancing Kingdom**” by the Word of God and the impressions and leading of Holy Spirit. As such we have presented documents created to aid our readers for enrichment in a variety of historical and spiritual truths.

Here are some of the diverse subjects included within our works which in many ways are assimilated within other titles list of links available within the Inner Chambers web page.

It's all about Transformation:

- The Kingdom in Motion
- The Wheel Within the Wheel
- The Patterns of the Son
- The Hand of God
- The Light of Christ
- The Government of Christ
- The Indwelling Kingdom
- The Kingdom Living Advancement Series

Our primary Purpose: is to **Advance** the Kingdom of God

"*Advance*" is the active expression of Kingdom motion. It speaks of God's divine order continually functioning, working, performing, serving, increasing, maturing, and perfecting His eternal purpose in Christ in us. Throughout HGMI ministry, we seek the "Patterns of the Son"—the divine patterns revealed in Jesus Christ that become the model for Kingdom life, ministry, leadership, and spiritual maturity.

The Kingdom of God is never stagnant. Everything God has created bears witness to perpetual motion! The far reaches of the cosmos and heavens declare His glory through ceaseless movement. The earth continually fulfills its appointed cycles. Life itself unfolds through growth, development, and transformation. Likewise, the spiritual Kingdom is ever *advancing* as the Holy Spirit accomplishes the Father's eternal purpose through Christ.

From the eternal past to the eternal future, mankind has searched for beginning and ending yet discovers no boundary to the infinite Living God. His Kingdom is not confined by time, nor limited by human history. It is the continual manifestation of His eternal nature and sovereign purpose!

Ecclesiastes 3:1 (AMP)

"There is a season (a time appointed) for everything and a time for every delight and event or purpose under heaven."

Time itself is not random but divinely appointed. Every season moves according to God's sovereign design. His Kingdom advances through appointed times, ordained purposes, and progressive fulfillment.

Psalm 90:2 (AMP)

"Before the mountains were born Or before You had given birth to the earth and the world,  
Even from everlasting to everlasting, You are [the eternal] God."

God alone is eternal motion without beginning or ending. From everlasting to everlasting He remains the self-existent, ever-living God. His Kingdom is the continual outworking of His eternal life, wisdom, righteousness, and glory.

As citizens of this Kingdom, we are not called to preserve religious tradition but to participate in God's divine movement. The Holy Spirit continually conforms us to the image of Christ, empowers Kingdom service, develops spiritual maturity, and advances the reign of the King throughout the earth. The Kingdom is alive because the King is alive. Therefore, wherever Christ rules, His Kingdom is in divine motion.

Our pursuit is not merely activity but alignment. We seek the Patterns of the Son so that every work, every ministry, every relationship, and every assignment reflects the living government of Jesus Christ. As His Body moves in harmony with its Head, the Kingdom advances in power, righteousness, peace, truth, and the Holy Spirit.

The Kingdom of God is not standing still—it is advancing. We are called to move with it.

The Kingdom of God is not driven by human momentum but by divine life.

Motion is the evidence of life; advancement is the evidence of government.  
Wherever the King governs, His Kingdom moves!

The distinction between "motion" and "government" harmonize with the emphasis on "The Kingdom in Motion" and the "Patterns of the Son." It also provides a bridge into the diverse subjects where every movement is directed by the Spirit rather than by independent human effort.
